The Fire District responded to 332 incidents in 2023. This was a 27.7% increase from 2022. 47% were fire incidents and 53% were EMS responses. We completed 3,171.25 hours at emergency incidents, 5490.96 hours at activities (activities include training drills, work details, and fundraising events), and 857 hours at formal training classes. These combined hours equate to approximately 238 fulltime weeks of unpaid service given to the community by Speigletown volunteers in 2023. We secured a FEMA AFG grant in 2023 for new EMS equipment that included an automatic CPR unit and a monitor/defibrillator. This equipment will help immensely in our EMS program.
